

14-15 May 2018 TSB Bank Auditorium – Shed 6 Wellington CALL FOR PAPERS

The Urbanism New Zealand Conference is being held in Wellington from Monday 14 to Tuesday 15 May 2018. Themed '**Joining the Dots**' this is an outcome driven conference focusing on shaping New Zealand's cities and places by identifying the key issues – making the connection to bring about change.

ABSTRACT SUBMISSIONS NOW OPEN.

Hosted by Wellington City Council and the Urban Design Forum NZ, the conference will have a prominent focus on Urban Design. The program will look at the state of urbanism in New Zealand and the role of urban design in significant urban issues.

Topics to be discussed at the conference include:

LIVE: are we providing the right type of housing in the right place?

MOVE: how do we make sure our movement systems deliver the best possible urban outcomes?

COMMUNITY and IDENTITY: creating healthy and thriving communities

HEART CENTRE: understanding the impact of planning policy with respect to our town and city centres

DESIGN QUALITY: do we value good quality design and have the right tools and processes to achieve good design outcomes?

DEVELOP and DELIVERY: economic and commercial drivers that shape cities and towns

For more information or to submit an abstract go to www.urbanismnz.co.nz

Building on thought provoking international speakers combined with the best and challenging sector leaders, the 2018 Urbanism New Zealand Conference will address the major concerns confronting our urban settlements from a national perspective. The outcome of the conference will be the development of an Issues Paper to present to our decision makers nationally. Accademic peer review of papers will also be provided.

The conference is being supported by an industry advisory committee, and offers an outstanding platform to initiate new business relationships within the urban design, planning, development, construction and infrastructure delivery sector.
