Across the two-day conference you will hear from:

- international speakers provide their unique perspectives on our urban future
- member based associations who answer our urban challenge
- multiple panels discussing a range of topics including Auckland after the deluge; the place shaping role of transport; health, equity and sustainability
- a broad range of plenary feature speakers who will discuss the developer perspective, the political perspective and our Statement on Urbanism
- poster sessions on both day one and day two;
- in addition to over 40 speakers from across Aotearoa on our session themes
